General information about Pre-Paid Envelopes

- The price of a Pre-Paid Envelope includes the postage fee as well as the envelope and printing costs.
- Pre-Paid Envelopes can be printed with your logo and a design that fits your company's image.
- Items can be dropped off at a Posti outlet or in a mailbox and do not require a separate mailing list.
- There are separate Pre-Paid Envelopes for domestic and international items. International envelopes include the postage fee for deliveries to all countries.
- No separate customs declaration is needed when sending letters containing goods to the EU Member States. When sending items to destinations outside the EU and special regions outside the EU excise and value added tax region, the small customs declaration (CN 22) is added. If the value of the item exceeds EUR 300, the required number of large customs declarations (CN 23) filled in a language understood in the destination country should be included.
- If you are unable to find a suitable product or require more information about Posti Pre-Paid Envelopes and how to order them, please contact postikuorikauppa@edita.fi or 040 860 2464.

Pricing

- The price of a Pre-Paid Envelope is based on the delivery speed (Priority or Economy), the weight class of the envelope/package and the number of colors used in printing.
- In addition to the postage fee, the price also includes the envelopes or packages, printing and delivery to one address in Finland.
- The delivery time for Pre-Paid Envelopes is 7 days from when the order has been delivered to the envelope manufacturer.
- The prices of Pre-Paid Envelopes are determined based on the price in effect, and invoicing is based on Posti's General Contract Terms.
