

Posti's domestic parcel services – Cash customers

In addition to these terms of service, Posti's general terms of delivery shall apply.

1. Service terms of Posti's parcel services for cash customers

Posti's domestic parcel services for cash customers cover parcels sent within Finland and parcels sent from a Posti Parcel Point to Estonia. Depending on the sender's parcel product, Posti delivers the parcel either to the recipient's delivery point or to a Posti outlet, from where the recipient picks it up, and notifies the recipient of the arrival using the method selected by the sender.

Posti stores parcels for seven (7) days. The storage period for a parcel is fourteen (14) days, if the recipient receives the notice of arrival in paper form. Uncollected parcels are returned to the sender, and the sender must pay for the return.

Delivery time is 1–3 weekdays within Finland and 2–4 weekdays to Estonia. Check the exact delivery time of your parcel with Posti's delivery time inquiry www.posti.fi.

Consumers have the right to cancel an order placed with the web service in accordance with the provisions on distance selling in the Consumer Protection Act by informing Posti of it within fourteen (14) days of purchasing the delivery service. If the parcel has already been sent, the collected service fee will not be returned.

2. Additional services

2.1. Parcel to the Doorstep

The sender can purchase the Parcel to the Doorstep service at shipping. Parcels delivered to the doorstep are delivered to the recipient's address indoors, to the immediate vicinity of the entrance or front door. Check the parcel-specific availability with Posti's delivery time inquiry at www.posti.fi before sending.

To the Door during the Business Day

In the To the Door during the Business Day service, parcels are delivered within the time indicated in

the Delivery Time Inquiry, on the first weekday after their drop-off for the most common locations and otherwise on the second weekday after the drop-off at the latest.

The service includes one delivery attempt. If the delivery attempt fails, a notice of arrival will be left with the recipient, and the parcel can be picked up from the Posti outlet specified in the message that was left with the recipient.

Delivery to the Doorstep as agreed

When the parcel is delivered to the doorstep, Posti will contact the recipient within one or two (1–2) weekdays of the mailing of the item and agree on the delivery date and delivery time frame, choosing these from the service times available for the recipient's address. Check the parcel-specific service times (by 2, 5 or 9 p.m.) and availability with Posti's delivery time inquiry at www.posti.fi.

The service includes one delivery attempt. If the recipient is not present at the agreed time of delivery, a message concerning the attempted delivery will be left with the recipient. After this, the parcel can be collected from the Posti outlet specified in the message that was left with the recipient. The storage period for parcels awaiting collection is seven (7) days. Uncollected items are returned to the sender, and the sender must pay for the return.

Delivery to the Door in the Morning

The customer shall be responsible for the complete, accurate and SEPA-compliant indication of the account number and reference data on the cash on delivery assignment. The sender shall be charged for any investigation work resulting from erroneous or deficient account or reference information, using the price defined under Charge for other work.

Posti shall have the right to charge the COD amount back from the sender if the COD was paid using a credit card and the company that issued the credit card cancels or charges back the payment in accordance with its own terms and conditions, such as due to a claim made by the buyer on the deal.

If the cash on delivery amount is paid late due to a reason attributable to Posti, the maximum compensation paid by Posti for the error in the service will be the value of the service. This does not affect the consumer's statutory rights.
