2. Conclusion and Annulment of the Agreement

The Provider starts to provide the Service once the Customer has paid the order. The Agreement cannot be annulled if the Customer has paid for the Service.

3. Processing of Customer's Personal Data

When the Customer sends the postcard, their personal data and the information required to implement the service are stored in the Consumer Customer Register of Itella. The register information is used as described in [the register specification](#). Information on registered customers is stored in the Customer Database ([register specification](#)).

3. Delivery time

The card is always sent on the day selected by the Customer and delivered on Itella's first-class letter terms. As a rule, the card will reach recipients (in Finland) on the next business day.

4. Immaterial rights to the card

Itella shall not monitor material produced, sent, conveyed or otherwise processed when utilizing the Services, nor shall it be responsible for any illegal or offensive contents of such material. The Customer is responsible for not producing, sending, storing or otherwise handling any material that infringes copyright or other rights, good practices, laws or official regulations by using the Services. Violations may result in an obligation to compensate for the damage or loss caused thereby, and may lead to penal sanctions.

The Customer is responsible for taking care that when using photos of private persons, the person in question has given permission to use the photo in the Service.

The Customer is responsible for the contents and form of the material sent with or via the Services or otherwise handled in the Services. Before using the material, the Customer must check that the material is not in violation of these Terms of Use or any instructions given by Itella Corporation and that the material does not contain computer viruses or other characteristics that might cause damage. The Customer shall be responsible for not introducing into the Services any material that contains viruses or other harmful features, and for not spreading or otherwise handling in a detrimental manner any such material.

If the content supplied by the Customer is inappropriate or illegal, Itella is not obligated to implement the Service.
