**Early-morning Delivery to Home** is a service that allows you to have the morning newspaper delivered conveniently to your front door instead of a streetside mailbox.

- The service covers the early-morning delivery of publications to the mail slot or mailbox specified by the customer. The delivery location differs from the delivery location included in the price of the publication.
- The service can also be ordered for weekends only. In that case, the service agreement will always be valid until further notice.

\*) *Diversion means the journey from the normal delivery route to the delivery point requested by the customer and the return back to the route.*
