We want to offer good and flexible service

The order arrives directly to chosen c/o- postal address and is delivered there as soon as possible. The parcel can be picked-up by showing the text-message that is sent to receivers' phone with notice of arrival. Receiver should also prove his identity by showing his passport.

The visit to the post office should be scheduled in the first part of the day and the order should be paid in advance in the online-shop. This way all the services will be taken care of as quickly as possible.

Parcel receiver is responsible for disposal of the packaging material. Posti doesn't accept packaging waste.
