## A PRICE ESTIMATE FOR A FREIGHT SHIPMENT IN SMARTSHIP

Log in to **Posti SmartShip**

Select **Shipments**, which will open this view

The screenshot shows the Posti SmartShip interface. At the top, there is a navigation bar with 'Home', 'Shipments', 'History', 'Maintenance', 'Settings', and 'Help'. A 'Log out' button is on the right. Below the navigation bar is a sidebar menu with 'Shipments' selected, and 'Price enquiry' highlighted. The main content area is titled 'Print - Addresses and Service - Default Print Favorite'. It contains three sections: 'Sender', 'Receiver', and 'Service'. Each section has a 'Select' button and a 'New' button. The 'Sender' section shows a search for 'Aalto-korkeakoulusäätiö (Info-piste 1 krs, Otakaari 3, 02150, ESPOO, Finland)'. The 'Receiver' section shows a search for '- (Nekkakuja 4, 04440, JÄRVENPÄÄ, Finland)'. The 'Service' section shows 'Posti - Freight'. There are 'Search' and 'Edit' buttons for each section. At the bottom, there are 'Next' and 'Cancel' buttons, and a note: 'Click Next to continue.'

Select **Price** enquiry from the sidebar menu, which will display the Price Query. Fill out the **postal code** fields and choose the delivery **type** (for example, EUR pallet). If you require/use **addons**, select those next. For example, Call before Delivery. Click **Search** and you will receive a price estimate for your shipment with your contract prices.

### Price Query

With Price query, you can calculate the cost estimate of the transport service beforehand. For login users, price query gives the agreed contract price of freight, fuel surcharge and selected additional services. In Public site (no login) the cost estimate is based on standard tariffs. Cost estimate 0,00 means, that price was not found with given criteria.
